To the Board of Police and Fire Commissioners.

Gentlemen:

For the past few years we have had a steadily increasing number of boys and girls taking a part in the playground and recreation program.

Having in mind the fine work which Sergeant Harry Snider has done with the children of the whole city, we are requesting your consideration to the plan of assigning Mr. Snider to the park and playground program during the summer vacation.

We believe that Mr. Snider would benefit by keeping in constant touch with the boys and girls during the entire year. We know that the children would benefit by his advice and counsel and that we would greatly appreciate his part in our program.

We are offering this request for your consideration.
